

## Radio@AOL

The AOL Radio feature which is included in your monthly subscription has been enhanced. There is also a free version of Radio for **NON-AOL-subscribers** at [www.aol.com](http://www.aol.com). It has a reduced feature set. If you listen to music (or talk or spoken books or comedy), there is no better place anywhere in the Internet.

Here's some details on [Radio@AOL](#) which is available to 9.0 members by clicking on the Music icon.

### Highlights:

AOL Radio features 200+ stations of music, news, sports and talk. From Pop to Hip-Hop, Country to Classical, Rock to R&B, AOL Radio features a playlist of over 450,000 songs spanning over 16 genres of music. Plus AOL and XM, America's #1 Satellite Radio provider, have joined forces to bring you the ultimate on-line radio experience.

### What you get:

- 200+ AOL stations of music, news, sports and talk
- 70+ stations of XM original programming
- XM 100% commercial free music channels
- Unlimited listening 24/7 365 days a year
- Exclusive AOL only radio stations, including:
- Sessions@AOL intimate: in-studio recordings
- AOL@ Music LIVE: weekly concert series
- All Artist stations, one artist - all on one station
- Celebrity DJ stations ranging from Hilary Duff to Toby Keith
- News & sports stations from the most respected names in broadcasting such as, AP News & sportingnews.com
- Top terrestrial music stations, including: WCBS (oldies), WXRT (alternative), The Wave (jazz), WUSN (country), WPGC (R&B)

Plus AOL Radio offers users an interactive music experience:

- Ability to get more information on the artist, album or song with one click (Music Search)
- Ability to buy CD, song, or concert tickets
- Share stations with a friend via instant message
- Customize presets with your favorite stations

### Sound Quality:

AOL Radio offers a listening experience optimized for your connection speed:

- Dial-up users get FM quality sound (16Kbps) designed to minimize stutter at lower connection speeds.
- Broadband users hear CD-quality sound (64 Kbps Dolby AAC) and no commercials.
