

SHINGLES

A fella walked into a doctor's office and the receptionist asked him what he had. "Shingles," he said. She then took down his name, insurance number, etc. and told him to take a seat. Fifteen minutes later a nurse's aide came out and asked him what he had. "Shingles," he replied. So she recorded his height, weight, medical history and so forth and told him to wait in the examining room. A half hour later a nurse came in and asked him what he had. "Shingles," he said. The nurse then checked his blood pressure and told him to take off his clothes and wait for the doctor. An hour later the doctor came in and asked him what he had. "Shingles," he told the doctor. "Where?" the doctor asked. He replied, "Outside in the truck. Where do you want them?"
