Sticky Notes Win 7

We all need reminders and Win 7 has provided Sticky Notes for us.

1. Click Start...all programs

2. Scroll to Accessories and click it and you'll find Sticky Notes

3. Click Sticky Notes and it'll appear on the top right of your page. You can drag it wherever you prefer.

4. Click the + in the top left corner to add another sticky note.

5. Rightclick the sticky note and select a different color for each.
