

Google Telephone Find and Map

Google has a feature which enables you to type a telephone number into the search bar and hit enter and you will be given the person's name and address. If you then hit Map Quest, you will get a map to the person's house. Everyone should be aware of this! It's a nationwide reverse telephone book.

If a child gives out his/her phone number, someone can now look it up to find out where he/she lives. The safety issues are obvious, and alarming.

Please look up your own number.

In order to test whether your phone number is mapped, go to: google <http://www.google.com> Type your phone number in the searchbar (i.e. 555-555-1212) and hit enter. If you want to BLOCK Google from divulging your private information, simply click on your telephone number and then click on the Removal Form. Removal takes 48-hours.
