Pictures Enabled in Internet Explorer

If the Internet Explorer settings are not set to show pictures, it can cause issues with viewing graphics online.

To enable pictures in Internet Explorer:

1. Click the Start button, select Programs or All Programs, then click Internet Explorer.
2. Click the Tools menu, then click Internet Options....
3. Click the Advanced tab.
4. Scroll to the Multimedia section, then click the Show Pictures box to place a check mark in it. If Show pictures is already checked, click the OK button to close the window.
5. Click the Apply button, if available, then click the OK button
