BIOS

<u>DO NOT OPEN THE REGISTRY FOLDER UNLESS YOU REALLY KNOW WHAT YOU'RE ABOUT TO DO. JMAX</u>

Sometimes you need to get basic BIOS information
fast: Open the Registry and drill down to
HKEY_LOCAL_MACHINE\Hardware\System
Your BIOS name, version and date will all be listed.

Example: BIOS date 9/2/05 AMI – 9000502 Note Bios ver /52.01.19 Rev 1.0
