Compressed and Encrypted Files

Compressed NTFS or encrypted files can be shown in a different color to make them eaier to locate.

1. RightClick Start...click Explore.
2. Click Tools....Folder Options on the Menu bar at the top of the screen.
3. Click the View tab.
4. Place a check in the SHOW ENCRYPTED AND COMPRESSED NTIFS FILES IN COLOR.
Now, the names of those files will be shown in a different color. IF you don't like it, just go back to step 4 above and uncheck the box.
