

DCR Software

1. Got to www.bisdigital.com
2. When prompted, click on the REC button
3. Click on Tech Support
4. At the bottom of the Tech Support box, go to “Click here to download the latest DCR Software” and Hit “Run”
5. Follow prompts....until finished.

This will load the software for you; load it once and you're good to go from now on.
