DESKTOP BACKGROUND PHOTO

1. Rightclick on the desktop in a blank area. Select Properties from the drop down menu.
2. Click Desktop tab.
3. Click Browse and locate whatever picture you wish to use as a background (must be a .jpg or .bmp file).
4. The pic will be put on your desktop and it will also be listed in the list of choices to make.
5. Now, select a position: CENTER, or Tile or Stretch.
5. MUST click APPLY and OK.
