

My Computer Icon Missing

These special icons are listed on the Desktop Display box.

1. Rightclick on a blank area of the desktop and select Properties.
2. Click Desktop tab.
3. Click the Customize Desktop button.
4. At the top of the box are various 'special' desktop icons. Place a check in each box of the icon you wish to have displayed on your desktop.
5. If you don't like the looks of it's default icon, select it and then click Change Icon.
6. Pick an icon you like better and click Apply and OK.
