Solitaire cards "lockup" in Windows

The work-around is to disable the download scan in McAfee.

1. Click on the Start button.
2. Select Programs.
3. Select Mcafee.
4. Launch VirusScan.
5. Select Pick a Task.
6. Select Change my VirusScan Settings.
7. Select Configure VShield background scanning.
8. Select Customize your VShield settings.
9. Select Download Scan.
10. Uncheck the check box entitled "Enable Internet download scanning".
11. Select OK.
12. Exit the VirusScan Console.

Try Solitaire and see if it works.
